_____ Dated _____ 19 _____
Division Engineer for Minister of
Transportation and Communications

Please sketch lot showing location of driveway and building, including dimensions.

NOTE:

1. The Minister's consent is given for building set back distance or access to a public highway under the provision of The Public Highways Act only.
Additional Permits may be required to satisfy Municipal and/or other regulations.
2. Residential garages with entrance facing highway must be at least 5 metres from the boundary of the highway.
3. Gasoline delivery pumps must be outside the boundary of any highway. The minimum distance between the pumps and highway boundary will be 5 metres.
4. Commercial buildings must be at least 5 metres from the boundary. The Minister's consent may state conditions respecting entrance and parking.

Conditions Pertaining To Driveway Access Installation

Holder of permit shall:

1. Save and hold harmless the Department against any and all claims for personal injury and/or property damage of whatsoever nature, both during and after the execution of work covered by this Permit, where, in the opinion of the Department, any such claim arises from the execution of the work.
2. Bear ALL damage costs during the laying of the pipe or other work undertaken to the road shoulders, ditches, culverts, pavements and other installations and all subsequent damage costs to the highway that are, in the opinion of the Department, attributable to the work under the permit.
3. The work shall be carried out in accordance with the latest edition of the N.S. DOT & C Traffic Control Manual.
4. Provide that on completion of the work, the road shoulder shall be left in a neat condition and dressed with gravel containing no stones of 20 mm in largest dimension.
5. Carry out the work in every respect satisfactory to the Department of Transportation and Communications.
6. Applicant will notify the Department when work is to commence and also when work is completed.

SPECIAL CONDITIONS:
